

UX WIREFRAME OVERVIEW

3 Core Screens: Scan → Track → Recommend

1. SCAN

- Camera preview (focus area in light grey)
- Overlay guides (accent colour)
- Primary CTA highlighted for visibility
- Reduces manual entry effort

2. INVENTORY

- Item list with expiry colour cues
- Grey = fresh | Yellow = soon | Red = expired
- Fast visual scanning for decisions
- Filters improve usability

3. RECIPES

- Personalised recipe cards
- Accent colour CTAs for actions
- Visual hierarchy via card layout
- Encourages low-waste cooking
